## Recommended literature SHOCK WAVE Berlin

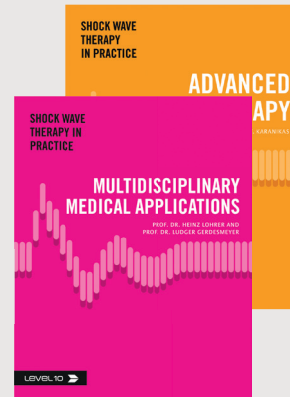

### Books of the series

#### "Shock Wave Therapy in Practice"

**NEW:** Dr. Ulrich Dreisilker,  
Prof. Dr. Konstantin Karanikas  
"Advanced radial shock wave  
therapy"

**NEW:** Prof. Dr. Heinz Lohrer,  
Prof. Dr. Ludger Gerdesmeyer  
"Multidisciplinary medical  
applications"

These manuals are the ideal accompanying literature to the scientific programme. The theme, focus and content of the books have been carefully selected and include clinical and practical discussions with regard to the therapeutic use of shock waves in orthopaedics, sports medicine and physical therapy.

Please visit the website [www.level-books.com](http://www.level-books.com) for further information, contents and orders.

October 3/4, 2014

Save the Date: October 3/4, 2014

# SHOCK WAVE BERLIN

Second international shock wave conference

## Programme highlights

### I cordially invite you ...

... to join us for the second international shock wave conference **SHOCK WAVE Berlin 2014** at the Historical Empress Augusta Hospital Berlin, Germany October 3/4, 2014.

Encouraged by the success of our first meeting in 2011 – SHOCK WAVE Frankfurt, Germany – we will retain the idea of exchanging experience and expertise. Leading physicians and therapists from all over the world will present innovative concepts of radial and focused shock wave therapy and diagnosis.

Beginners as well as experienced shock wave practitioners will learn about latest results and developments in shock wave therapy. Special attention will be directed towards hands-on experiences and multidisciplinary medical applications.

This conference promises to be an outstanding educational experience which features many of the acknowledged world shock wave experts and opinion leaders in the fields of orthopaedics, urology, neurology, dermatology, physical and rehabilitation medicine.

We are looking forward to welcoming you to the **SHOCK WAVE Berlin** conference in October 2014.

Sincerely, yours

**Prof. Dr. Heinz Lohrer, Conference President**

Orthopaedics, Sports Medicine, Physical Medicine, Rehabilitation  
Institute for Sports Medicine Frankfurt, Germany
